SIR,

The tiled building situated on the road side in front of the Bade Makkan, Mysore city, is in a very dilapidated and dangerous condition. As it is used by the many Mahomedan devotees who visit the Makkan it has to be kept in good condition. I am therefore directed to request the favor of your inducing the Peer in charge of the Makkan to collect funds from the Mahomedan devotees and to have the building thoroughly repaired immediately. If the funds collected are found insufficient the Government will be ~~pleased~~ glad to contribute some portion of the cost of the repairs required. An estimate may be prepared and submitted for sanction at a very early date, together with information as to the actual contributions realized from the devotees interested in the up-keep of the institution.

2. As the building is on the road-side a neat
